April 2nd. 40.

Mr. Abe Manley  
Newark, N.J.

Dear Mr. Manley:

Trust you received my letter concerning the park etc. I am very anxious to get started on the advertising as quite a territory I am anxious to cover.

Please let me know if you wish me to arrange sleeping and eating and number with the teams. Please let me hear from you early as base ball is well in the air on this end. I also suggest popular prices, 35, 50 and 75 for special chair reserves. These special chair reserves can be sold at advance sales.

Shall be glad to keep in touch with you regularly as I want to put these games on the map.

While writing this letter I received another from you but nothing concerning my letter. I wrote last week. Strange you did not get it. The park has been Oked for the 30th. of this month and I have been waiting for placards etc. to get started. Also passes

#2.  
accompanying same.

I have just made contact with the Boss and he states that I can have the night of the 11th. of May for the Black Yankee game. This is on Sat. and a mighty good day for us. Or rather night.

Get me started at once as I will be in Washington at the opening with Boston and I want every thing well on the way before I leave. I have some very good workers with me. They are also anxious to get going.

Yours for success,

  
C. Dillard, Jr.
